## **Consultation Questionnaire**

Please be prepared to provide as much of the following information as possible at your consultation.

This information is helpful in expediting the design process.

How many invitations will you need?

What is your budget for invitations? (\$ per invitation set – a set includes invitation with mailing envelope(s), two enclosure cards and a reply envelope) (This information is necessary so I can be sure to prepare samples that will suit your price range.)

Will your wedding have a specific style or theme? If so, is this something you want incorporated into your wedding stationery? Have examples of any specific style/theme available.

Are there specific colors you would like incorporated? If so, have samples of these colors available so we can do our best to match them.

How many enclosure cards will you need with your invitation? For example, if you wanted a reception card, response card and direction card, you would need three enclosure cards. (Two enclosure cards and one reply envelope are included with each invitation set.)

Do you have a certain type/style of invitation in mind? (Square, pocket fold, belly band, etc...)

Please have a copy of your wording for the invitation and any enclosure cards available. (If you have it ready.)

Please feel free to bring any clippings from magazines and/or other examples of wedding styles/ideas that appeal to you.
